

ASPIRE
SMARTSYNC

FLEXIBILITY WITHOUT COMPROMISE

Versatile

Fully HTM-compliant system with battery-powered overdoor lights

Simple

'Out of the box' installation

Efficient

Increased battery life and efficiency with SmartSync, which reduces the cost of ownership

Continual Checks

All devices are routinely scanned every 60 seconds, 24 hours a day, 7 days a week

Configuration

An SD card in the main control unit handles system backups for easy and reliable transfers

Interoperable

Facilitating seamless integration with smart devices and other advanced features

With our
new
SmartFit®
design

ASPIRE
SMARTSYNC
LITE

Everything you need for a 20-bed ward in a box.

Aspire SmartSync Lite is also the perfect temporary solution during an upgrade or maintenance.
